All,

I will not be in the office for the weeks of August 25 and September 15. Hence miss the calls on August 26 and September 17. Thank you.

Mike

Good Morning Roger and Mike,

Yes, we can get the HFPO-DA data to you as an excel file. I will try to get that to you by the end of this week.

Andrew,

I forwarded your skype meeting invitation to Mike.

Kathy

Subject: HFPO-DA data

Good morning Kathy. Hope all is well. Mayek (Mike) Mavi, a relatively new EPA employee, has been assisting us with the mapping and analyses of the Washington Works sampling data, both for PFOA and HFPO-DA (GenX). Mike requested the excel files for the GenX data to facilitate his efforts. Also, Mike would like to be copied on any new data generated by Chemours and wants to be included in our monthly calls. Thanks again for all your help Kathy. Please let me know if you have any questions.

Roger
